Proceedings of the Chief Commissioner of Mysore,

From the Survey and Inam Commissioner,
To the Offg Secretary to the Chief Commissio
:er of Mysore, General Department, No. 1384,
Dated Poona, 7th September 1874.

By Order of Chief Commissioner No. 4712/67
of the 19th November last, the resumption of
excesses of Inams granted for the up-keep
of Chatrams under the terms of the Commis-
:sioner's Notification of 1846 was directed.

2. In proceeding to carry out the orders
referred to, a doubt has arisen, in order
to clear away which detailed orders are
required.

3. The amount of assessment of all
Inams granted for the above purposes
is stated in the original grant. I propose
to confirm an extent of land bearing
a similar Survey assessment plus
10 per cent, and to bring the surplus
under assessment.

4. But in case any inam was origi
:nally, when granted, dry crop land,
and has been by sinking wells or other

distinct improvements at the expense of the inamdar converted into wet land, the value of the inam shall be calculated on the dry crop assessment alone.

5. When the survey assessment of the land now actually held as inam is less than the value named in the original grant, the deficiency will not be made good.

6. The above provisions will, I think, meet every case fairly, and I beg to suggest them for the consideration of the Chief Commissioner.

Where the Grant states the Area as ascertained, the Justice of reducing the Area and confirming only the ascertained Survey rates is open to question and the Rule on this subject has been the subject of Complaint from many Quarters

" the misleading area of the Inams "
" as given in the original grant ought "
" to be the fair guide for the Survey "
" Department in confirming them. "

The circumstances alluded to were, as will be seen by referring to the Chief Commissioner's order, the extraordinary excesses discovered by the Survey in the extent of Inams of comparatively modern origin & granted after presumably correct measurement.

4. The orders of the Chief Commissioner as above were of course at once given effect to, although I was able to obtain for the Inamdars the concession that garden and wet lands, dry at the time of the grant, should be calculated in giving effect to the order, at dry rates.

5. The reasoning adopted by the Chief Commissioner in passing the present rules was that the Valuation was a much better guide for the Survey Department than the areas which had been found so misleading, and that there

could

could obviously be no hardship
in confirming the old assessment
at thirty cents, as it would lead
to the institution, the exact amount
which had been originally assigned
for its maintenance. While I am
not prepared, if my opinion be asked,
to endorse the above reasoning, it
must be borne in mind that many
of the reservations at all was
made when the lands were originally
granted, much less any boundary
stones erected, and from their very
nature these lands offered almost
unlimited opportunities for encroach-
ment.

Sir,

I have the honor to acknowledge receipt of your Docket (General) No. 600 of the 20th March last, giving cover to Petition (Registered No. 2857) dated 15th idem from Venkataraghavendra Doss of Mysore, complaining of the settlement of his Chattram Inam lands by the Survey Department.

2. As requested I submit, a Statement showing the Settlement by the Survey Department (these Chattram Inams are not dealt with by the Inam Department) of the particular Inam in question. No special circumstances surround this case, which, like all others of the same kind, has been settled in accordance

could obviously be no hardship in confirming the old assessment at Survey rates, as it guaranteed to the institution, the exact amount which had been originally assigned for its maintenance. While I am not prepared, if my opinion leaked, to endorse the above reasoning, it must be borne in mind that very often no measurement at all was made when the lands were originally granted, much less any boundary stones erected, and from their very nature these lands offered almost unlimited opportunities for encroachment.

6. I beg to return the Petition received with your Docket under reply.

"under the circumstances now dis-"
"covered the Valuation rather than"
"the misleading area of the Inams"
"as given in the original grant ought"
"to be the fair guide for the Survey"
"Department in confirming them."

The circumstances alluded to were, as will be seen by referring to the Chief Commissioner's order, the extraordinary excesses discovered by the Survey in the extent of Inams of comparatively modern origin granted after presumably correct measurements.

4. The orders of the Chief Commissioner as above were of course at once given effect to, although I was able to obtain for the Inamdars the concession that garden and wet lands, dry at the time of the grant, should be calculated in giving effect to the order, at dry rates.

5. The reasoning adopted by the Chief Commissioner in passing the present rules was that the Valuation was a much better guide for the Survey Department than the areas which had been found so misleading and that these

could

accordance with Chief Commissioner's order No. 4831 Rev: 316, dated Bangalore 3rd October 1874, under which, when the Survey assessment exceeded the value of the original grant, the excess minus 10 per cent was to be resumed, but in the case of land originally dry but since converted into wet land or garden land, the value of the Inam was to be calculated on the dry crop assessment alone.

The present is not in any way a remarkable one except in so far as it illustrates the Dewan's doubts as to the propriety of confirming the Inám at Survey rates instead of upon the old area.

3. As regards the justice of the present mode of dealing with cases of the kind in question, I beg to quote as follows from Chief Commissioner's order No. 4712 Rev: 67 of the 19th November 1873, which is reiterated in order No. 4831 of 3rd October 1874 quoted in the preceding Para. "But it appears to the Offg. Chief Commissioner sufficiently clear that"

To
K. Seshadri Iyer Esquire
Dewan to His Highness the Maharajah
of Mysore

The humble petition of Raghavendrodoss, Anuvina vilas agrahar, Mysore

Respectfully sheweth -

That his father Subbiraya Dasaru constructed a temple and a Chattrum at Tirtakere Hunsoor Taluq at a large expense, and His Highness the late Maharajah was pleased to grant a Jodi of 30 Candies of waste land "Anadibanjarii" as an Endowment. The Sunnud relating thereto has already been submitted to your Honor for perusal.

2. That during the Survey Settlement half 30 Candies was confirmed as Jodi, the other half was assessed as Kandayam land, and the petitioner was decided to pay assessment.

3. That he preferred an appeal against this order and addressed 10 or 12 petitions, and the appeal has not yet been decided.

4. That the Amildar having demanded payment of Kandayam, your petitioner requested by several petitions to stay attachment and sale pending the disposal of his appeal. The Amildar took no notice of his prayer and has sold the land.

5. That your petitioner humbly and respectfully prays your Honor may be pleased to issue necessary orders to the Dy. Commissioner and the Amildar to cancel the sale before confirmation

and he further begs that his appeal which
has been pending for a long time may
be disposed of.

In this act of justice your petitioner
shall ever pray
